**BUFFALO GENERAL HOSPITAL  
SHUTTERBUG PROJECT**

**Proud. Employees.**

AUGUST 2008

# Beautifying BGH...

In 2007, Buffalo General Hospital invited our employees to help beautify the work environment by sharing their love for photography through the *Shutterbug Project*.

More than 33 talented amateur photographers submitted over 125 incredible images. Entrants either currently work at Buffalo General, have worked at the hospital in the past or are related to a Buffalo General employee.

The top 50 images were chosen by a special committee, and today those images decorate our hospital in a number of areas as a proud tribute to our talented Buffalo General family.

This program provides thumbnails of the *Shutterbug Project* Top 50 Photos. To learn about the photographers, or to share the collection with others, go to <http://bgh.kaleidahealth.org/shutterbug>.

Special thanks to the Junior Board of Buffalo General Hospital and the Kaleida Health Foundation for their support of the 2008 Buffalo General Hospital Employee Shutterbug Project.

With Art.
